What is the meaning of our existence in this world?
Humans are like a cluster of stars... their lives as brief as the sight of a meteor...
Even the mighty dragon clan had to face one day the decay of their once powerful empire.
Why would people want to resume old conflicts just to obtain an illusion of power?

Of course... not everyone is willing to join in this mad quest.
Don't flee.... FIGHT!!

Their thrive for conquest renewed, the dark dragons started the attack.
Damn! The dark dragons sealed the river.
Looks like these stupids are not willing to hand over the 'ring of the brave'.

And this continued for what seemed to be an eternity...
He! This little one was really lucky to survive the flames!
These bastard dark dragon armies act as if there were no people around here!

Hand out everything and you'll be saved!
Forcing the world to kneel before their power.

His majesty commanded us to bring all of your clan to help in the search of the 'goddess key'.
Also, the emperor is plotting the resurrection of the powerful goddess
A-ha! Today is the biggest harvest ever!

When will the light dragons reappear and restore the peace of the world?
NO! YOU CAN'T DO THIS!!
ARGH!
!!
You fool! For opposing our kingdom, you'll be put in psychedelic forever!!

The dark dragon clan keeps getting stronger and stronger
They may conquer the entire world even before the revival of the goddess.
オオ

GET AWAY!!
Will 'that' dragon really appear?
Take us to build the 'ultimate weapon'!? I'LL NEVER ALLOW IT!!

Oh my God!
EEK! The dark dragon armies!
All right, today I'll gain even more money!
Hmm? What's that?

Supposedly after crossing this forest I would reach Wyndia in no time
I got lost. Now what am I supposed to do?
Dork dragons again
SIGH
I guess being strong or high spirited won't take me out of this one
It's my fault for not learning the directions properly

Guess I'll just camp here today. I'll fish as much as I want!!
Wow!! There's a lake!
Clean water and lots of fish! I'm getting excited!
I wonder how is everyone doing
!?

Ah!?
This girl is so beautiful!
Heart pounding fast

Sister?
No no! They're not mine...
Eh?
I can see her! Definitely looks different...
Yikes!! She has discovered me!!

No way If I go out I'm dead
Too afraid to come out, you crowd!?
Who dares!? COME OUT!!
COME OUT!!!
As I though it's those Dark Dragon Bastards!
No no...!!
Please listen to me!
I should go out!
That's not right! A man shouldn't

And we're scared of women!?

Dark dragons have killed my people and even dared to poisen my father... I can never forgive you!!
But right now I won't deal with you guys...
That's what you get for peeking a bathing lady...
...because I must hurry back to cure my father's poisoning with the antidote!
...but about that... one thing I must tell you...
I'm glad that you don't want to kill us...

Ynu have nn chance tn kill us!!
...and it's that we are the spirit knights created hy Karma, the wizard!
He created you!?
Wizard Karma!!
A week ega the dark dragen emperar Zergen sent a letter ...
That wizerd Karma ...

None of our healers could cure father's poisoning because...
Don't touch the letter... it has been poisoned!!
UCK!
Fa-ther!!
I infiltrated Karma's tower with my guards...
Wizard Karma ~ Healer of the dark dragon, Zorgen; proficient in the use of various kinds of poison.
I'm afraid that is Karma's secret poison
Kalu! Ilu!
Prin-cess!!
Escape now!!
The tower had many traps and lurking mens-ters protec-ting it but we eventually found the 'remedy'...

Kalu & Ilu sacrificed themselves to allow my escape ...
Lord Kerme is not interested in the remedy ...
Come with me, princess Nina...
GET AWAY!!
He just asked to see you.

What!? Who are you!?
Why do you keep hugging her if she said she don't want to go? You old hacks!
My name is Ryu... Remember it well!!

But even if you remember it it will be useless
HAA!!
Because you will be a goner pretty soon!!
But we are not easy to defeat
He he he! You really have guts

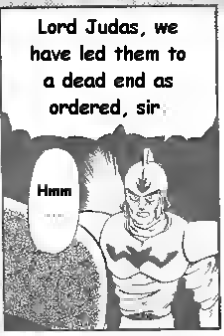
Sis-ter ...

We must leave at once... The dark dragons will attack us pretty soon
What's going on? It's still so early...
Ryu!
Ryu...
Wake up...
It grieves me to see dragons killing each other. After all, we are all from the same dragon clan
Tell everyone to gather at the dragon shrine and prepare to leave!
They're setting fire on the village!
These dark dragon bastards!!

What we face this time are the light dragons
Don't go easy on them!



Lord Judas, we have led them to a dead end as ordered, sir.
Hmm

Hmm mmm ...
We light dragons can't lose to the dark dragons!
Elder, if we don't do something, we'll end up incineroted!
Right! I'd rather die in battle instead of sitting here waiting death!
That idiot dark dragon emperor wants to bring back the old nightmare!
Her coming started a fight for her power that severed our clan in two...
A long time ago, when the dragon clan ruled this world...
The old night-mare!
...surged a goddess of desire. She could grant any wish you had.

If they got all the keys
Both of our clans transformed into dragons and fought a huge battle. The world was almost destroyed because of this...
That's because earning the goddess grace granted you the power to rule the world... That's why we called this the 'goddess war'...
Then a dragon warrior with his five followers stepped in and were succesful in sealing away the goddess by turning into 'goddess keys'.
No!! We can't allow their plan to succeed!
I have a better idea! Just leave it to me.
Everyhody please calm down!!
I know... but don't forget that she has the blood of the dragon warrior.
Elder! Although she is clever, and also the strongest of us light dragons...
Sara! Ok, I'll leave it up to you if that's what you want

Thank you all...
Thank you
I just hope all of you survive...
Please forgive me. The petrification spell will fade in half a day. Meanwhile, you won't be hurt by fire or debris, nor give any signs of life...
Sis...
No matter how hard it is, you have to live...
Ryu, you have a very special destiny...

I'll ge face eur enemies
De your best Ryu
I'm Sara, the last persan standing to challenge the dark dragan army!!
Inte-resting
Heheh, the last

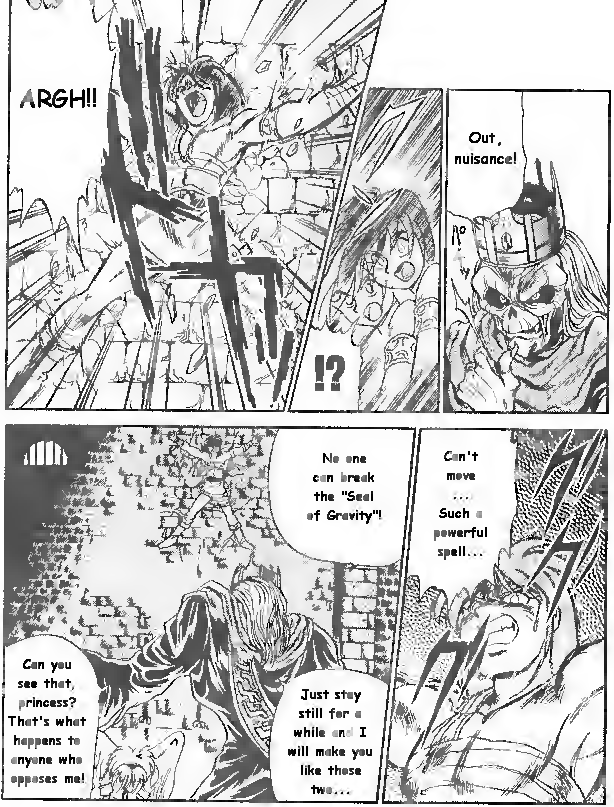
Commander, tell everyone to retreat until the fight is over
But...
I accept the challenge
You can't win...
Would that satisfy you?
Thank you for your kindness, general...
I'll show no mercy to the one who doubts of her warrior vows!!
Sis
NO!

Sis!
Ryu... I'll leave everything in your hands...!
Ryu, you must live...!
SIS ... NOO!!

Don't move! Your wound has not healed yet.
Ouch...
Sis...!
What is this place?
And my healing magic is not strong enough to heal your wound...
I'm sorry! Because of me... you also got captured ...
We are prisoners in the tower of Karma.
Humph!! You are still alive! Then I will make you suffer more
It's nothing ...
Don't say that! I would have died for sure if it weren't for your magic...

You are wizord Karmo!
Karmo... Who are those knights?
Why are you so determined to keep him alive?
Princess I just wanted to see you alone...
ガラーン
Oh? So you want to know...
Well then let them show you.

What? You knew them?
They are the soldiers who helped me to steal the remedy!!
KALU! ILU!
No! You... you are...
You devil...
I WILL NOT FORGIVE YOU!!
Too bad they don't have any kind of feeling anymore...
MWAHAHA!! How does it feel to meet your old friends?
Your old servants have become my dear "Spirit Knights". Just like recycled trash...



ARGH!!
!?
Out, nuisance!
!?
No one can break the "Seal of Gravity"!
Can't move ... Such a powerful spell...
Can you see that, princess? That's what happens to anyone who opposes me!
Just stay still for a while and I will make you like these two...

YOU SLY, CREEP, LOW, STINKING OLD MAN!!
I'LL NEVER SURRENDER TO YOU!!
Oh then princess
Then I
...no matter what happens...
...and make the 'eternal life potion' with them!
Then I shall slice you into pieces!!
What!? Fine... If you hate me that much

Sis! Nina!
Awaken, Ryu!
AAAH!!
Nina!
Hee hee Let us start with the beautiful wings!
WHAT!? He broke my seal of gravity!?
That's impossible!!
STOP IT NOOOW!!

The expression in his eyes... and that power
Could he really be the legendary dragan!?
Karma.... DAMN YOU BASTARD!!
Please take out the pain of Kalu and Ilu!!
If you can ~~~~

No problem!
RAAA-ARGH!!

Ryu, thank you.
Now they can rest in peace.
I will continue on my journey
My father drank the remedy and recovers. What are we going to do next?
I have to fulfill my clan's destiny, and also avenge my sister.

What was that noise from outside?
I see... the power of the 'dragon warrior' has been discovered.
Mmm Probably it's a good idea to wake up and see.

If we don't do something... eventually the same thing will happen again and again...
I don't really want such a thing to happen again...
After what happened... I realized that...
Nina...
Ryu... let me join you! Maybe I can help you a bit...
Thanks Ryu! I'll try my best to improve my healing magic
All right! We are partners from now on!
YOU WERE THE ONE PEEPING!!
PER-VERT!!
I'm sorry! Let me explain...!
How did you know?
Wow... that's so beautiful!
But we have to be careful... because I can't overuse my powers at will
No matter how beautiful it is... it can't compare to your wings... especially when they shine when wet.
I think it's because of this pendant protecting me...

On our way, we will meet more allies who are willing to face the dark dragons.
Let's get going!

None of them want to lose what is most important for their lives.
